

ECOPOOL

IN-FLOOR CIRCULATION

- HEALTHIER WATER.
- NO POORLY-CIRCULATED ALGAE-PRONE AREAS.
- REDUCES COLD SPOTS FOR MORE COMFORTABLE SWIMMING.
- SAVES CHEMICALS & ENERGY FOR THE LIFE OF YOUR POOL.
- BETTER FOR THE ENVIRONMENT.
- HELPS EXTEND YOUR SWIMMING SEASON.
- OPTIMIZES NATURAL SOLAR HEAT.
- THE ROTATING NOZZLES IN THE POOL FLOOR WILL ACTUALLY SWEEP DEBRIS INTO SMALL AREAS, MAKING VACUUMING AND BRUSHING EASIER.
- WILL WORK WITH ROBOTIC CLEANERS.

FROM THE WORLD'S #1 IN-FLOOR CLEANING SYSTEMS COMPANY

A HEALTHY POOL IS A WELL-CIRCULATED POOL

HEALTHY SWIMMING POOL WATER. IT'S WHAT EVERY POOL OWNER EXPECTS BUT NOT WHAT EVERY POOL OWNER GETS. THAT'S BECAUSE NOT EVERY POOL IS CUSTOM-DESIGNED FOR OPTIMUM CIRCULATION.

ECOPOOL IS AN ADVANCED IN-FLOOR POOL CIRCULATION SYSTEM CUSTOM DESIGNED FOR EACH POOL TO MAXIMIZE CIRCULATION AND IMPROVE YOUR OVERALL SWIMMING ENVIRONMENT. USING THE LATEST STATE-OF-THE-ART IN-FLOOR TECHNOLOGY, ECOPOOL WILL HELP YOU MAINTAIN A HEALTHIER POOL WHILE HELPING REDUCE YOUR CHEMICAL AND ENERGY COSTS. SIMPLY PUT, ECOPOOL IS A SMARTER WAY TO BUILD A SWIMMING POOL.

- 1 HYDRAULICALLY-ENGINEERED CIRCULATION NOZZLES ARE PLACED INTO THE POOL FLOOR. WHENEVER THE PUMP IS ACTIVATED THE NOZZLES POP UP TO DELIVER A JET STREAM OF FRESHLY FILTERED WATER ACROSS THE POOL FLOOR.
- 2 WHEN NOT OPERATING THE CIRCULATION NOZZLES RETRACT FLUSH WITH THE POOL FLOOR, BECOMING VIRTUALLY INVISIBLE. ALL THAT'S LEFT TO SEE IS A BETTER CIRCULATED POOL.
- 3 THE CIRCULATION NOZZLES WILL SEQUENTIALLY ROTATE 360 DEGREES SO THAT FRESHLY FILTERED WATER IS EVENLY DISPERSED THROUGHOUT THE ENTIRE POOL.

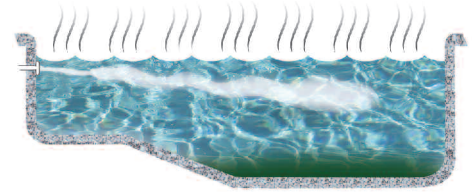

ECONOMY. ECOLOGY. ECOPOOL

WITH ECOPOOL YOU'LL GET A LIST OF CIRCULATION BENEFITS WHICH WILL LAST THE LIFE OF YOUR POOL.

ORDINARY POOLS

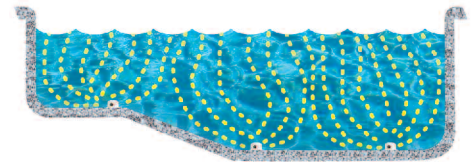

FOR DECADES MOST EVERY SWIMMING POOL WAS BUILT THE SAME WAY. WATER WAS CIRCULATED NEAR THE POOL SURFACE THROUGH STANDARD INLETS. UNFORTUNATELY THIS CAN LEAD TO POORLY CIRCULATED ALGAE-PRONE AREAS AND ALSO CREATES A HIGH CONCENTRATION OF CHEMICALS AND HEAT NEAR THE POOL'S SURFACE. ECOPOOL CHANGES THIS OUTDATED METHOD TO CREATE A LONG LIST OF BENEFITS WHICH WILL LAST THE LIFE OF YOUR POOL.

ORDINARY POOL

SAVE ON CHEMICAL COSTS

SINCE ORDINARY POOLS HAVE A HIGHER CONCENTRATION OF CHEMICALS NEAR THE SURFACE, MANY CHEMICALS ARE WASTED DUE TO THE SUN AND WIND. WITH ECOPOOL CHEMICALS ARE MORE EVENLY SPREAD THROUGHOUT THE POOL. THIS CREATES A HEALTHIER, MORE ALGAE-FREE POOL WITH FEWER CHEMICALS LOST INTO THE AIR. INDEPENDENT STUDIES HAVE PROVEN THAT THIS ALONE WILL YIELD SIGNIFICANT CHEMICAL SAVINGS EVERY MONTH FOR THE LIFE OF YOUR POOL.

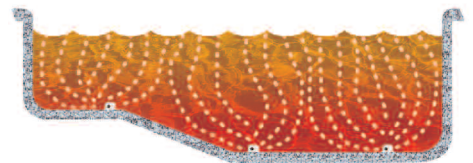

SAVES CHEMICALS

8 DESIGNER COLORS TO CHOOSE FROM

SAVE ON ENERGY COSTS

SINCE ECOPOOL WAS ENGINEERED TO CIRCULATE WATER FROM THE POOL FLOOR BY THE NATURAL PROCESS OF RISING HEAT, HEAT ENERGY IS EVENLY DISPERSED. THIS CREATES A MORE COMFORTABLE SWIMMING ENVIRONMENT, ELIMINATES COLD SPOTS AND CAN EVEN HELP EXTEND YOUR SWIMMING SEASON. BEST OF ALL, LESS HEAT ENERGY ESCAPES INTO THE AIR WHICH SAVES ENERGY AND MONEY. INDEPENDENT STUDIES HAVE PROVEN THAT THIS WILL YIELD SIGNIFICANT ENERGY SAVINGS FOR THE LIFE OF YOUR POOL.

SAVES HEAT ENERGY
