The PoolCleaner is ready for action with two robust models to choose from. This in-ground suction cleaner is equipped with all the features it needs to fight debris. Deploy the 2-wheel option for standard pools or the 4-wheel option for larger and deeper pools. Strategic, patented features allow The PoolCleaner to tactically climb pool walls and maneuver obstacles while delivering a heavy-duty clean.

- » **Self-Adjusting Turbine Vanes** are flexible to allow easy passage of large debris yet durable to ensure maximum power at any flow
- » **Internal Steering System** ensures full pool coverage and efficient cleaning
- » **Robust Tire Treads** provide enhanced climbing ability and obstacle maneuverability
- » **Adaptable Roller Skirt** assists the cleaner in maintaining constant suction even when encountering obstacles or on uneven surfaces
- » **Interchangeable Throats** optimize suction performance at different flow rates and allow for larger debris passage
