

HOLLAND 80MM

PRODUCT NUMBER # 219

- Smooth surfaces and classical chamfers define each stone to create texture and visual structure with timeless appeal
- Versatile 2:1 shape easily forms stacked, runner, basketweave, and herringbone patterns
- Heavy vehicular applications
- Made of durable concrete with iron oxide pigments which helps prevent fading from extended UV exposure. Meets or exceeds applicable requirements of ASTM C936 and C1782.

The Holland series offers the Old World charm of a simple shape where pavers can be installed in a variety of patterns to produce utilitarian or decorative pavement designs. Mixing these patterns with a combination of colors produces architectural effects limited only by the imagination. Holland is available in a range of paver heights to suit a variety of traffic conditions and base preparations, and in layer arrangements to facilitate mechanical installation.
