

F3 Stabilizer Knee Pads

79642

STABILIZING

Stabilizing cap for balancing on all surfaces

PEN STORAGE

Pen loops for easily accessible pen storage

COMFORT

EVA form-fitting foam padding for superior cushioning and neoprene liner for comfort

EASY TO USE

Micro hook and loop fastening technology down the length of the strap for a perfect fit, pull tab for easy removal

5 LAYER COMFORT SYSTEM

Provides cushion for your whole knee

Memory foam conforms to the shape of the knee for a custom fit

Neoprene inner liner

XL Patella Gel Zone with extended core for total knee support

7 Power-Flex Support Pads

Soft Cap Stabilizer for hard or soft surfaces

The QEP® F3 Stabilizer Knee Pads form, fit and flex to keep your knees protected during every job. XL Patella Gel Zone, combined with the 5 Layer Comfort System, conforms to the shape of your knee for a custom fit. The Pillow Comfort Memory Foam and 7 Power-Flex Support Pads deliver added comfort. These knee pads also feature independent stabilizing feet that give you more stability, but with less contact.
