THE U.S.A.**

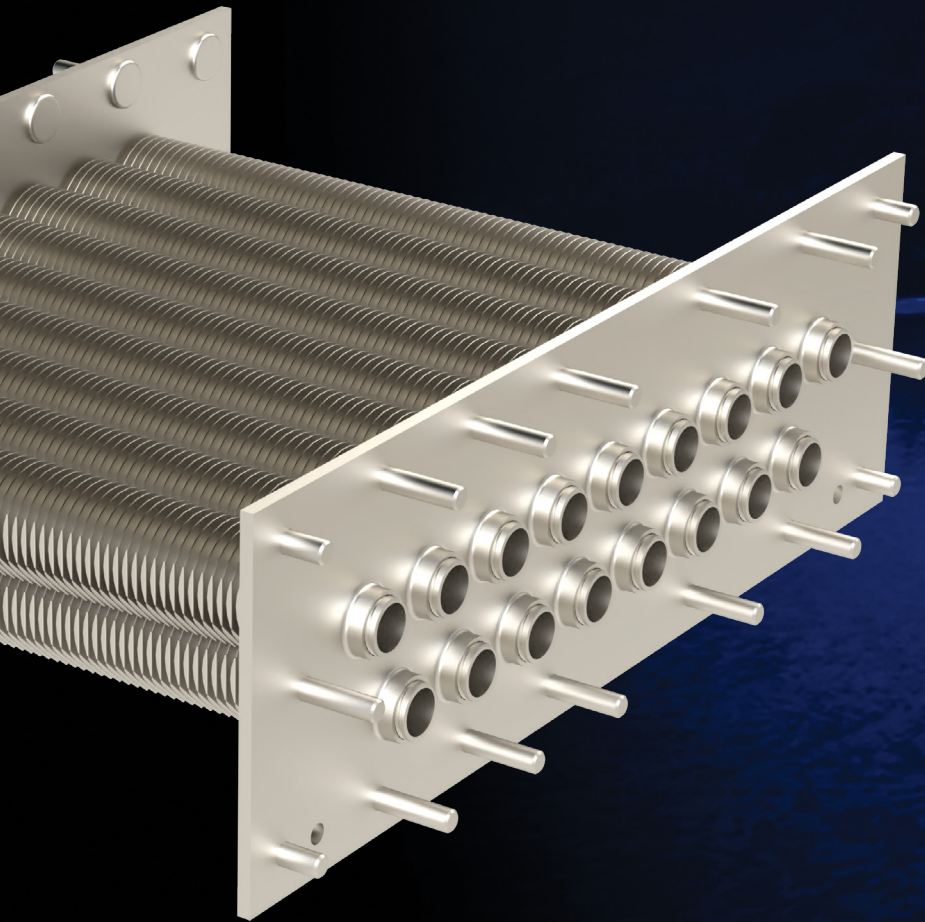

# Robust Materials

## Built to Outlast

AVIA was born based on feedback from Pool Pros as an innovative, drop-in replacement heater that maintains Raypak's timeless traditions in pool heating design.

Learn more  
about AVIA & our  
3-year warranty

### Straight Tube HX

Our patented straight tube heat exchanger (HX) lasts longer by eliminating bends and helical coils. The straight tube design also allows for annual maintenance and preventative care.

### NiTek HX

300% more erosion resistant  
than copper & 200% more  
than cupronickel.

Based on ASTM G73-10 (2017) – material  
durability (liquid impingement erosion test).

NiTek available on HD models.

### Stainless Steel

Our combustion chamber  
provides better corrosion  
resistance compared to  
galvanized steel used in  
common heaters.

# Added Value to the Pool Pro

## Fully Serviceable

Easily access key components through the top of the unit.

## Drop-In Replacement

Water & gas connections align with common heaters saving time during installation.

## 3-Year Full Heater Warranty

For all residential replacements & new builds.

# Innovation Fueled by Expertise

Heater temperature control and heat time calculator for the homeowner. Fleet management, diagnostic and performance data for the pool pro available on the Raymote® App.

## Fast & Energy Efficient

84% efficient Low NO<sub>x</sub> copper & HD models. Future proofed against efficiency regulations.

## Wi-Fi Connected

Free Wi-Fi control and fleet monitoring dashboard.

## Basic Automation

Direct connect and control of AquaStar® Pipeline Pumps® for the perfect basic automation setup.

# Have you heard of

# THE NEW3

We've partnered with Poolside Tech® and AquaStar® to bring you the best-in-class pool package. Each experts in our own field bringing you the most efficient pool system on the market.
