

Section 1 – Product & Company Identification

Product Name(s): Smell Whaaat cleaner deodorizer

Synonyms: Smell Whaaat Pro, Smell Whaaat Maxxx, Smell Whaaat Aqueous deodorizer

Product Uses: Odor Control and cleaning

Product Type: liquid solution

Product Code: Odor Control

Manufacturer: Pure Turf Solutions
2921 W Osborn Rd
Phoenix, AZ 85017
Phone: (602) 354-4625
Emergency # (602) 334-3474

Section 2 – Hazard identification

Classification (GHS-US)

Hazard Pictogram

Signal Word (GHS-US): not regulated

Hazard Statements (GHS-US): not regulated

Precautionary Statements:

Other Hazards: No other hazards that are classified or identified

Section 3 – Composition/information on ingredients

Name	Product Identifier (CAS#)	% (w/w)
Halogenated hydantoin	Not disclosed	1-3%
Proprietary ingredients		

Listed ingredient(s), identity and/or exact percentage(s) are withheld as trade secret. For wording of the listed Hazard Statements refer to section 16.

Dangerous components: None in reportable quantities

Section 4 – First Aid Measures

Description of First Aid Measures

Inhalation: Move to fresh air. Obtain medical attention if breathing difficulty persist.

Skin Contact: Rinse immediately with water. Obtain medical attention if irritation persist.

Eye Contact: Rinse continuously with water for 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing, then seek medical attention.

Ingestion: Do NOT induce vomiting. Rinse mouth. No hazards requiring special first aid measures.

Section 5 – Fire Fighting Measures

Extinguishing media

Product is not flammable & noncombustible

Use appropriate fire fighting measures suitable for environment.

Section 6 – Accidental Release Measures

Personal Precautions, PPE and Emergency Procedures

Personal Protection, See Section 8.

Emergency Procedures

For small spill, absorb spilled material.

For large spill, absorb with inert liquid binding material and dispose of in landfill.

Environmental Precautions

Prevent from discharge into surface waters.

Section 7 – Handling & Storage

Precautions for safe handling

Do not spray directly in mouth or eyes.

Handle in accordance with good industrial hygiene and safety procedures. Use appropriate PPE. Wash thoroughly after contact with material. Use in well ventilated areas.

Precautions for safe storage

Keep in cool, dry and well ventilated place. Keep container closed when not in use. Keep/store away from direct sunlight, extreme high or low temperatures.

Do not store with acids.

Section 8 – Exposure Control / Personal Protection

Control Parameters

N/A

Exposure Controls

Appropriate Engineering Controls: Ensure adequate ventilation. Emergency eye wash and safety shower availability in immediate vicinity.

Personal Protective Equipment: Protective goggles.

Eye Protection: Chemical or safety goggles.

Respiratory Protection: none required in well ventilated areas

Environmental Exposure Controls: Do not use product directly in surface waters.

Section 9 – Physical and Chemical Properties

Physical Properties

Physical state:	aqueous solution
Appearance:	clear
Odor:	faint chlorine smell
pH:	2.6 - 5
Viscosity	1 c.p.
Relative Density	1 g/cm ³
Freezing Point:	not available
Boiling Point:	>100C

Flash Point: not available
Upper/lower flammability: not available
Solubility: soluble in water

Section 10 – Stability and Reactivity

Stability: Stable if used as intended

Reactivity: no available data

Conditions to Avoid: excessive heat, direct prolonged sunlight exposure

Possibility of Hazardous Reactions: possible reaction with with strong acids or alkali's

Incompatible with: no available data

Hazardous decomposition products: No further information available

Section 11 – Toxicological Information

Information on Toxicological Effects

Acute Toxicity:

LD50: Not Available

Serious Eye Damage/Irritation: slight eye irritant

Respiratory or Skin Sensitization: based on available data, not classified skin sensitizer

IARC (International Agency for Research on Cancer): Not listed.

NTP (National Toxicology Program): Not listed.

OSHA-CA: Not listed.

CMR effects (carcinogenity, mutagenicity & toxicity for reproduction): Not classified

Section 12 – Ecological Information

Aquatic Toxicity: No relevant information available

Bioaccumulation Potential: No relevant information available

Persistence & degradability: No relevant information available

Section 13 – Disposal Considerations

Waste Treatment Methods: Dispose of waste material in accordance with all local, regional, national and international regulations.

Contaminated Packaging: follow all applicable regulations.

Section 14 – Transportation Information

14.1 In Accordance with UN Number

DOT, ADR, IMDG, IATA Not Regulated

14.2 In Accordance with UN proper shipping name

DOT, ADR, IMDG, IATA Not Regulated

14.3 In Accordance with Transport hazard class

DOT, ADR, IMDG, IATA Not Regulated

14.4 In Accordance with Packing group

DOT, ADR, IMDG, IATA Not Regulated

Section 15 – Regulatory Information

The regulatory information is not intended to be comprehensive. Other regulations may apply.

US Federal Regulations

Notification Status:

DSL: All components listed or are exempt from listing

TSCA: All components listed or are exempt from listing

SARA Section (302 TPQ): Reportable Quantity Not Concerned

SARA Section (355): Reportable Quantity None of ingredients listed

SARA Section (313): De minimus concentration None of ingredients listed

Canadian WHMIS: Not available

State Regulatory Status

California Proposition 65 Information:

None of the ingredients are listed to cause cancer

None of the ingredients are listed to cause reproductive toxicity in females or males

None of the ingredients are listed to cause developmental toxicity

Section 16 – Other Information

The information accumulated herein is believed to be accurate. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.
