

**NEW
FOR 2025!**

STOP YELLOW

Produces remarkable pool cleaning results.

Use before adding an EPA-registered chlorine which rids pools of green, yellow, brown, & pink algae.

Amazing results typically occur in 24 hours.

- Results regardless of cyanuric acid levels.
- Works great with high pH levels.
- Can be used in all chlorine pools, even salt!
- 21 oz. package will treat up to 10,000 gallons.
- Add 2 lbs. of Shockwave/Refresh products or 2.5 gallons of liquid chlorine to the pool 5 minutes after adding Stop Yellow.

Vital part of swamp to swim treatments.
Available in two convenient sizes.

Size	Item Code	Case Qty
21 oz.	RGL-50-2681	12
50 lb.	RGL-50-2682	1
