

METAL STAIN TREATMENT KIT

The complete solution for metal-based stains

The REGAL® Metal Stain Treatment Kit is the complete solution to treating pool & spa metallic stains.

- Erase Stains & Restore Surface Brilliance
- Treats Up to 20,000 Gallons
- Fast-Acting
- 3 Simple Steps
- Safe for all pool surfaces

REGAL® Metal Stain Treatment Kit contains 4 LEADING PRODUCTS.

REGAL® Stain Out removes copper, iron and manganese staining from pool surfaces. Ideal for newer stains & steps. Treats right on the pool surface.

REGAL® Super Stain Out removes severe metal staining from pool finishes caused by excess metals in pool water. Treats more stubborn staining. Works right on the pool surface.

REGAL® No Phos Metal Out provides a phosphate-free stain and scale preventative treatment. Added as an initial dose and as a maintenance treatment.

REGAL® Super Metal Eliminator & Stain Preventer removes manganese, copper, nickel, iron, cobalt, aluminum, silver & lead from pool water. Captures up to 4.0 ppm of metals. Works inside the pump basket.
