

# RFL-33-B, COMPACT, 12V. FREE-STANDING WET/DRY SUBMERSIBLE LIGHT FIXTURE

(877) 794-1802

**DESIGN/APPLICATION DATA:** Roman Fountains RFL-33-B Series, submersible light fixtures are designed for use in fountain or reflecting pools where a compact, shallow water depth fixture is required. Fixture is ideal for placement in rocks, nooks and other tight places. Available in a range of wattages, their compact design allows use in depths as shallow as 5". The 20, 35 & 50 watt version can be operated out of water.

**12VAC**

NOTE: LAMP IS FURNISHED WITH THIS FIXTURE.

FIXTURE IS 'ETL' LISTED FOR WET OR DRY APPLICATIONS
