

CARIBBEAN COMBO II

The CARIBBEAN COMBO II is a combination of a 6"x6" square and 6"x9" rectangle. The surface is accented with a pillowed edge to give it a subtle cobble stone appearance. This combination is packaged approximately 30% 6"x6"s & 70% 6"x9"s. Available in both 2-3/8" thick pavers and 1" thin pavers.
