

GRAND BAHAMA

Much like the AMAZON the GRAND BAHAMA is a combination of an 8"x8" square & 8"x12" rectangle. The GRAND BAHAMA has a very smooth and flat surface with a thin even bevel on all sides. This combination is packaged approximately 30% 8"x8" squares & 70% 8"x12" rectangles. Available in 2-3/8" thick pavers only.
