Pour-A-Drain™

Easy to Install

1. Cut pipe and set top of coupling to finished drain elevation. Make sure coupling is facing up.
2. For best results remove drain insert from coupling use tape or paper to keep drain coupling free of construction debris.
3. Pour concrete or cut stone to finished surface elevation.

4. Cut stone or pour concrete into drain cap. For best results tap bottom of drain cap to settle concrete into place.
5. When concrete is cured clean coupling and drain cap. Install drain cap into coupling.

4" SDR35

3" drain pipe

Part Number

DC 401 Tan
DC 401 Gray
DC 401 Clear

Description / Specifications

**4" Round Poly Resin Grate with
Universal Fit 3" to 4" Collar**
Fits: 3" or 4" SDR-35 Drain Pipe
