

Summer is a time to enjoy quality time with your family and friends. Our swimming pools are designed to enhance your backyard enjoyment.

Our **High End Steel Series** has been designed to integrate state of the art technology with the latest design trends. Bringing you the creation of technologically and aesthetically superior above ground pools, we bring technology and design together.

# SERENA

*When technology and design meet*

Your above ground pool has been designed to provide you with years of safe, family fun. This entails that water safety must always be taken into account. When used incorrectly, your above ground swimming pool can be dangerous; above ground pools are shallow, and this makes diving and jumping unsafe. To ensure your above ground pool is used safely you must observe the safety precautions that are provided to you when you purchase an above ground pool and conform to all local regulations. © Copyright 2015
