

Ultra Pearl Brite™

High-Performance Pool Plaster

From the Makers of **DIAMOND BRITE®**

Ultra White, Ultra Durable Ultra Smooth, Ultra Affordable...

There are few things in nature that are more brilliant than the beauty of a pearl. The flawless texture, the way the light catches the surface or the way it feels to the touch. Simple Perfection.

SGM, Inc. has duplicated nature's beauty and elegance in Ultra Pearl Brite High Performance Pool Plaster. This state-of-the-art pre-blended pool finish designed to provide an exceptionally smooth, radiant white and durable pool finish.

Unlike traditional pool plasters which have a history of discoloration, delamination and etching... Ultra Pearl Brite's unique formulation of the whitest marble aggregates, premium white Portland cement and performance enhancing admixtures provides the strongest and whitest marble finish in the industry. Ultra Pearl Brite's premium marble aggregates provides years of beauty and enjoyment.
