

ChemStar[®] by AquaStar[®].

Efficient. Easy. Sanitize.

EFFICIENT

ChemStar chlorinators save time and reduce manual handling of chemicals.

EASY

ChemStar chlorinators take the work and worry out of keeping your pool sparkling clean and ready to use.

SANITIZE

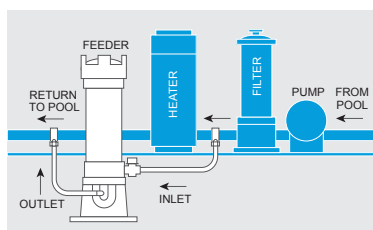

Completely enclosed systems – no escaping fumes, no special venting required. Top loading makes it easy to add chemicals. In-line (CH100) or off-line (CH200) models. Also available in clear for easy tablet viewing.

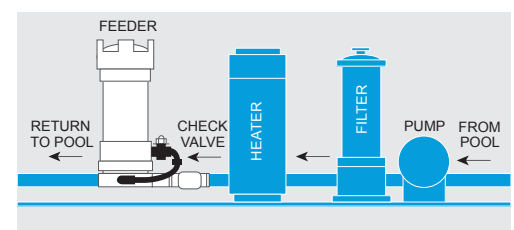

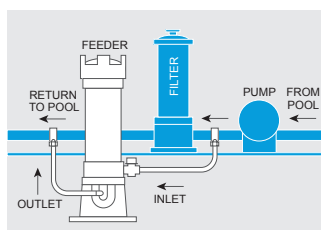

ChemStar Chlorinators by AquaStar® are the Clear Choice for Water Sanitation.

EXPERIENCE THE MANY BENEFITS OF CHEMSTAR CHLORINATORS

- Installs easily on the pressure side of the pump, downstream of the filter and heater
- External fine-control valve lets you adjust the feed rate to meet specific pool or spa requirements
- Use large or small trichlor or bromine slow-dissolving tablets
- Freestanding CH200 ideal for retrofitting existing pools for automatic sanitization
- In-line CH100 designed for permanent installation in the return line of new or existing pools and spas
- Also available with transparent body (CH100CLR and CH200CLR) for easy visibility of chlorine tablets
- 50 PSI maximum operating pressure
