Channel Pebble Top Drain Cover

With A&A Manufacturing AVSC Channel Drain (Sold Separately)

The Color Match Channel Pebble Top Drain Cover is designed to attach to the top of the A&A AVSC Channel Drain, making it **the only disappearing channel drain on the market**. Simply apply the same plaster, aggregate, or tile directly to the top of our patented drain cover and see it virtually disappear into your pool floor.

Pebble Top Drain Cover Features

- Pebble Top technology blends with any pool finish
- Safety Engineered: VGB, ANSI/APSP 16-2001 and ANSI 50-2009A Compliant
- Flow Rates:
 - 200 GPM single inlet
 - 208 GPM dual inlet
- Manufactured from superior UV-resistant ABS
- Available in 7 designer colors
- Proudly made in the USA

AVSC Channel Drain Features

- Unblockable
- Large opening for debris removal
- Only one drain cover needed
- Available with Single and Dual Inlet
- Save Money: with dual inlet design you can use one AVSC Drain for two pumps.
- VGB, ANSI/APSP 16-2001 & ANSI 50-2009A Compliant
- Optional Hydrostatic Valve connection
