

POOL ACCESS EQUIPMENT

pool access EQUIPMENT

access **for all**

The water provides therapeutic benefits that enhance quality of life outside the pool. We believe these benefits should be available to everyone, and offer a full line of third-party tested and verified ADA compliant pool lifts to help ensure everyone can get in and out of the pool safely. At the forefront of educating the pool industry about ADA swimming pool accessibility, we have developed educational tools available on our website, and a pool lift configurator to help with lift selection.

PRODUCTS FOR EVERY POOL

S.R.Smith accessibility products range from the Mobile Aquatic Chair (MAC) to a wide range of fixed pool lifts—both anchored and portable. Our pool lifts come in a variety of styles including Hi/Lo models for facilities with in-ground pools and raised spas, as well as Extended Reach models for pools with parapet or wide gutter configurations.

SELECTING THE RIGHT LIFT

Which pool lift is right for your pool? Determining the answers to these questions, and using our online pool lift configurator will help you hone in on which lift style is right for you. A completed S.R.Smith pool or spa deck profile sheet is essential with every order—srsmith.com/LiftProfile.

STANDARD FEATURES ON ALL ADA COMPLIANT MODELS:

- 5 year structural warranty
- Patent pending LiftOperator® Intelligent Control
- A water-resistant user hand control
- Rechargeable battery
- Battery charger
- Battery cover
- Footrest
- Seat belt assembly

ONLINE ACCESS ACADEMY

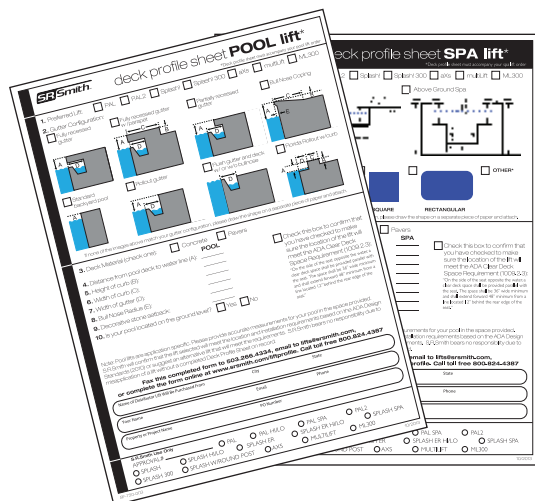

Learn more about ADA swimming pool compliance and become a certified Swimming Pool Accessibility Specialist through the S.R.Smith FREE, online Access Academy. Visit poollifts.com/AccessAcademy.

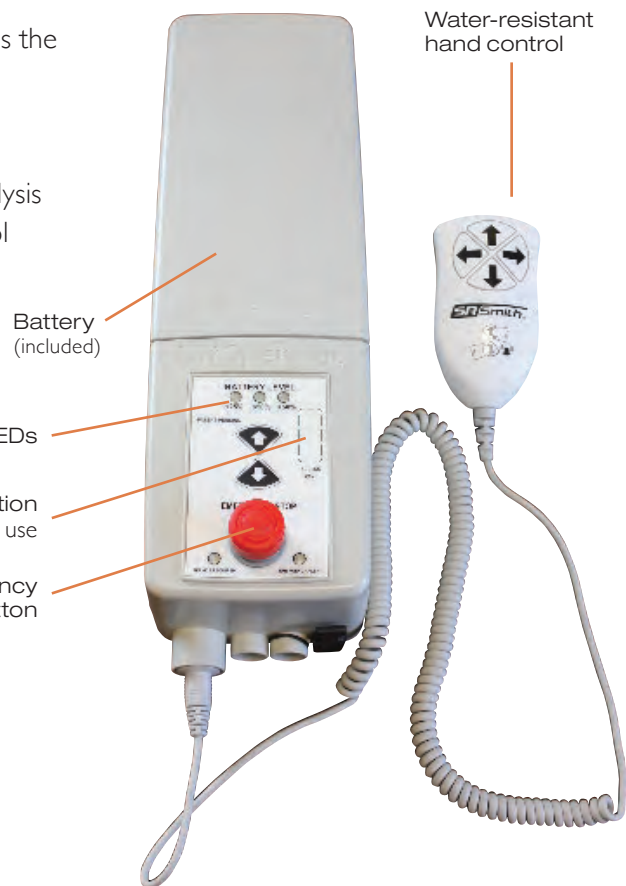

LiftOperator® Intelligent Control

A standard feature with all S.R.Smith pool lifts, the LiftOperator® is the most technologically advanced pool lift control on the market.

- Emergency stop button stops the lift mid-cycle
- Audible safety alert can signal facility personnel
- Internal memory stores usage data that can be uploaded for analysis
- PAL, PAL2, aXs and Splash! series feature four directional control
- multiLift and ML300 feature a two-button, up and down control

A pool or spa deck profile sheet must be included with every S.R.Smith pool lift order—www.srsmith.com/LiftProfile

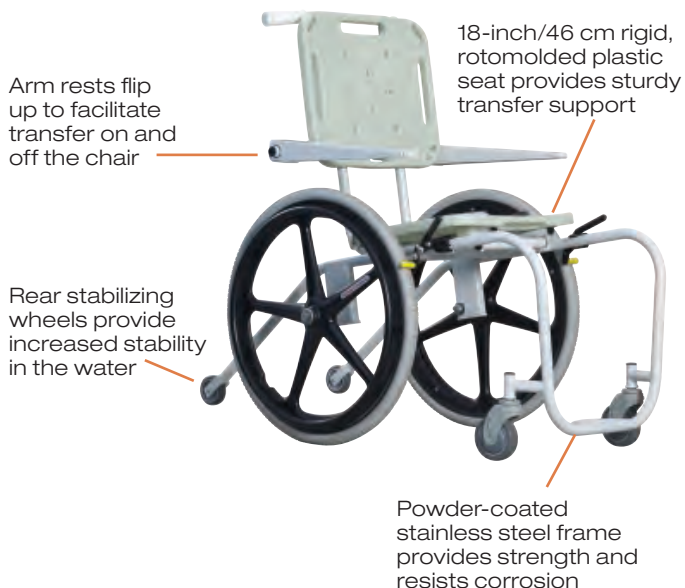

- Battery (included)
- Battery Level LEDs
- Optional Key Activation prevents unauthorized use
- Emergency Stop Button

accessibility
equipment

MOBILE AQUATIC CHAIR (MAC)

The MAC, with a 300 lb/136 kg weight capacity, is essential for facilities utilizing a ramp for zero-depth entry or movable floors.

Arm rests flip up to facilitate transfer on and off the chair

18-inch/46 cm rigid, rotomolded plastic seat provides sturdy transfer support

Rear stabilizing wheels provide increased stability in the water

Powder-coated stainless steel frame provides strength and resists corrosion

HANDY LIFT

This manual hydraulic lift, made from stainless steel, is for residential use only and does not meet ADA guidelines.

- 400 lb/181.5 kg lifting capacity
- Easily removable from deck anchor
- Manual operation by someone other than user
- Heavy-duty mesh sling for easy transfer

PAL2

PAL® SERIES

The fixed* portable PAL® and PAL2 are ideal for commercial and hospitality pools.

- Third-party tested and verified ADA compliant
- 300 lb/136 kg lifting capacity
- Easy to move by one person
- LiftOperator® Intelligent Control—includes 24 volt rechargeable battery
- Integrated hinged armrests (PAL2 only)
- 240° rotation
- Powder-coated stainless steel and aluminum construction

*Secure-It Kit

Both the PAL and PAL2 come with a Secure-It Kit to meet the ADA “fixed” pool lift requirement, while offering the flexibility of being easily removed from the deck.

PAL

PAL variations:

- **PAL Hi/Lo**—For in-ground pools and raised spas.
- **PAL Spa**—For raised spas.

multiLift™ and ML300

Flanged pool lifts, with right or left side mounting, means less to think about when selecting a pool deck location.

- Third-party tested & verified ADA Compliant
- Easy flange mount installation with four anchor bolts
- multiLift—350 lb/159 kg lifting capacity
- ML300—300 lb/136 kg lifting capacity
- Comes with anchor jig to work on existing deck
- Integrated hinged armrests
- Powder-coated stainless steel and aluminum construction
- Optional folding seat assembly (multiLift only)
- LiftOperator® Intelligent Control—includes 24 volt rechargeable battery

multiLift Wheel-A-Way

The Wheel-A-Way mobility option provides flexibility to transport the lift if needed.
(not available with ML300)

**multiLift optional
folding seat assembly**
(not available with fully rotomolded seat)

Go to srsmith.com for complete product information including model numbers, autoCAD and written specifications, compliance testing documentation, owner's manual and warranty.

Splash!™ SERIES

This fixed lifting system is designed for facilities seeking to provide user-friendly access to their swimming pools.

- Third-party tested and verified ADA compliant
- 400 lb/181.5 kg lifting capacity*
- Includes stainless steel anchor socket with cap
- 344° rotation
- Powder-coated stainless steel and aluminum construction
- LiftOperator® Intelligent Control—includes 24 volt rechargeable battery

**Lifting capacity of the Extended Reach and Round Post models are 300 lb/136 kg*

Splash! variations:

- **Splash! Hi/Lo**—Useful for facilities that have both in-ground pools and raised spas.
- **Splash! Spa**—Designed for raised spas.
- **Splash! Extended Reach**—For gutter configurations requiring a longer reach to the water line.
- **Splash! 300**—300 lb/136 kg lifting capacity. Can be installed by core drilling, with no additional footings required on a standard four-inch reinforced deck.
- **Splash! Round Post**—300 lb/136 kg capacity. Designed for retrofit in an existing round anchor. Fits a 1.92" diameter anchor, but can be used in a variety of sizes with our anchor adapter.
