SHADE DELUX CANTILEVER SHADE

The Shade DeLux Cantilever is a state-of-the-art shading solution tailored for spaces with limited deck space. Its dual smooth satin black anodize uprights support an expansive 8' x 10' shade, casting up to 75 sq ft of cooling shade. Beyond just shading, the kit boasts modularity, allowing expansions on either side and a host of optional attachments from solar panels to a movie screen. Crafted with weather-resistant aluminum, the Shade DeLux promises durability, versatility, and a touch of elegance.
