

PA1140 TWO-WIRE ALL-IN-ONE TOOL

The PA1140 Two-Wire, All-in-One Tool is a specialized tool designed for two-wire irrigation applications. Engineered for efficiency and precision, it allows irrigation specialists to slit, strip, cut, and twist flat/parallel-wired two-wire cables with ease.

Whether working with 14-AWG or 12-AWG Maxi cable, the PA1140 ensures clean, damage-free cable preparation. Built for durability and comfort, its ergonomic design supports extended use in demanding environments, making it an essential tool for irrigation professionals.

Features:

- Effortlessly slits flat two wire cable while protecting inner conductors.
- Easily cuts through copper cable with precision.
- Designed for stripping 12 and 14 AWG copper cables.
- Enables secure twisting of two-wire copper cables.
- Ensures safe and compact storage when not in use.
- Designed with durable, ergonomic handles for all-day use.
