

Jandy® CC Series Cartridge Filters

The Jandy CC Series Filter keeps your pool clean and clear with less upkeep. A less costly drop-in replacement for Pentair® Clean & Clear® Plus, it delivers high residential flow rates^ with up to 50 percent* lower head loss.

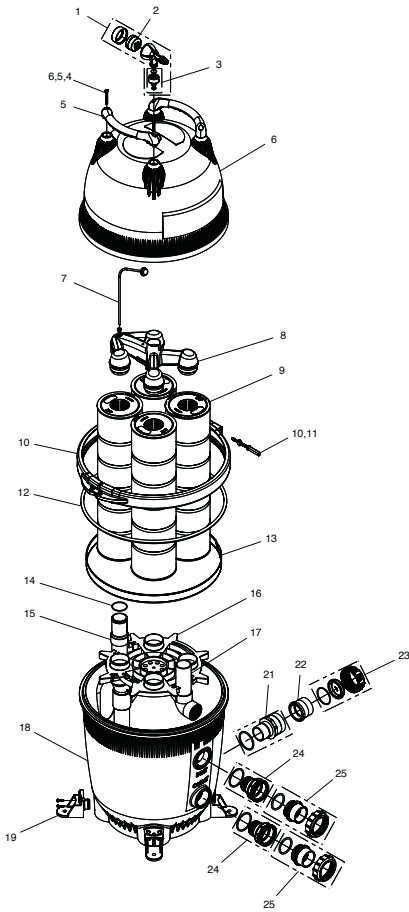

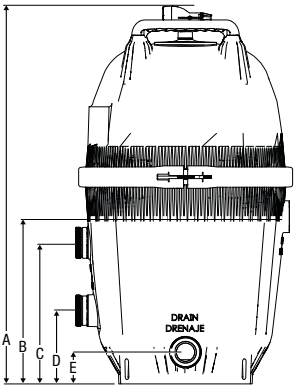

- Holds more debris so you can go longer between filter cleanings
- Spend less time maintaining your pool and more time enjoying it
- Fewer cleanings help reduce routine maintenance and save you time

^Flow rate and performance claims are based on validated testing conducted under defined conditions. Actual system flow and performance may vary depending on plumbing configuration, pump selection, equipment pad layout, installation conditions, and overall system design. High-flow capability should not be interpreted as a recommendation to oversize the pump or operate every system at maximum flow. Consult a qualified pool professional to determine the appropriate equipment and operating settings for each application. Actual residential filtration flow rates may be also limited by local residential pool building codes and energy-efficiency regulations. *Based on Fluidra internal testing. Compared to Pentair® Clean & Clear® Plus across flow rates of 60–150 GPM.

Part No.	Description
CC300	300 Sq. Ft. - CC300 Cartridge Filter, 150 GPM Max Residential Flow Rate
CC400	400 Sq. Ft. - CC400 Cartridge Filter, 150 GPM Max Residential Flow Rate
CC500	500 Sq. Ft. - CC500 Cartridge Filter, 150 GPM Max Residential Flow Rate

Specifications and Dimensions

Model	CC300	CC400	CC500
Filter Area	300 ft²	400 ft²	500 ft²
Design Residential Turnover, 10 Rate	.50 GPM/ft²	.375 GPM/ft²	.30 GPM/ft²
Maximum Residential Flow Rate	150 GPM	150 GPM	150 GPM
Residential Turnover, 6 Hours	54,000 gallons	54,000 gallons	54,000 gallons
Residential Turnover, 8 Hours	72,000 gallons	72,000 gallons	72,000 gallons
Residential Turnover, 10 Hours	90,000 gallons	90,000 gallons	90,000 gallons
Maximum Working Pressure	50 psi	50 psi	50 psi
Cartridges Required	4 (85 ft² each)	4 (115 ft² each)	4 (145 ft² each)
Shipping Weight	93 lbs.	95 lbs.	101 lbs.
Height A	41"	41"	47"
Footprint	25" diameter	25" diameter	25" diameter
Distance Between Inlet and Outlet	7.5"	7.5"	7.5"

Key	Part No.	Description	Shared with CL/CP Series
1	R0357200	Gauge/Air Release Valve, Large Filter, R-Kit	Yes
2	R0359600	Gage, 0-60 PSI, Replacement Kit	Yes
3	R0552000	Adapter, Tank, w/ O-Ring, & Union, Replacement Kit	Yes
4	R0359900	Handle Screws, Filter, R-Kit	Yes
5	R0357100	Handle, Top, Large Filter Replacement Kit	Yes
6	R0554701	Body, Upper, Filter Tank Body, R-Kit	Yes
	R0357301	Tank Body, Upper Half, Large Filter, R-Kit	Yes
7	R0358700	Breather Tube Assy, R-Kit	Yes
8	R0357600	Manifold Assy, Cartridge Filter, Replacement Kit	Yes
	R0554500	Cartridge, Filter 340, Replacement Kit	Yes
9	R0554600	Cartridge, Filter 460, Replacement Kit	Yes
	R0357900	Cartridge, Filter 580, Replacement Kit	Yes
10	R0357400	Band Clamp, Filter, Replacement Kit	Yes
11	R0357500	Knob/Rod Retainer, R Kit	Yes
12	R0357800	O-Ring, Center Strap Replacement Kit	Yes
13	R0405200	Ring, Retaining, Large Filter Replacement Kit	Yes
14	R0792000	Outlet Tube O-Ring, Filter	Yes
15	R1125700	Internal Tube/Elbow Assy, Outlet, CC Filter, Replacement Kit	No
16	R1125900	Cartridge Support, CC Filter, Replacement Kit	No
17	R1125800	Elbow, 2in., F Npt X F Slip, Replacement Kit	No
18	R1126100	Tank Bottom CC Filters, R-Kit	No
19	R0465500	Anchor Bracket CV/CL/DEV/CC Filters	Yes
N/S	R1126000	O-Ring Kit, Complete, CC Filters	No
21	R0465600	Bulkhead CV/CL/DEV/CC Filters R-Kit	Yes
22	R1126200	Tailpiece, CV/CL/DEV/CC Filter, Replacement Kit	Yes
23	R0523000	Drain Cap Assembly, Replacement Kit	Yes
24	R1126400	Bulkhead CC Filters Replacement Kit	No
25	R1126500	Half Union, CC Filter, Replacement Kit	No
N/S	SEFL1002	Sweep Elbow Flowlink	Yes
