Classification of the chemical in accordance with paragraph (d) of 1910.1200;

| Signal Word:            | Danger   |
|-------------------------|--|
| GHS Class:              | Serious Eye Damage/Eye Irritation, Category 1,<br>Skin Corrosion/Irritation, Category 2<br>Skin Sensitizer/Allergic skin reaction, Category 1<br>Carcinogen/May cause cancer if inhaled, Category 1A,<br>May cause respiratory irritation, STOT SE3<br>Damage to organs through prolonged or repeated exposure if inhaled, STOT RE1  |
| Hazard Statements:      | H100s = General, H200s = Physical, H300s = Health, H400s = Environmental   |
|                         | <ul> <li>H315 -Causes skin irritation.</li> <li>H317 -May cause an allergic skin reaction.</li> <li>H318 -Causes serious eye damage.</li> <li>H335 -May cause cancer if inhaled.</li> <li>H350.A -May muse respiratory irritation.</li> <li>H372.A - Causes damage to organs through prolonged or repealed exposure if inhaled.</li> </ul>   |
|                         | <ul> <li>P201 -Obtain special instructions before use.</li> <li>P202 -Do not handle until all safety precautions have been read and understood.</li> <li>P260.B -Do not breathe dust.</li> <li>P264.3 -Wash skin thoroughly after handling.</li> <li>P270 -Do not eat, drink or smoke when using this product.</li> <li>P271 -Use only outdoors or in a well-ventilated area.</li> <li>P272 -Contaminated work clothing should not be allowed out of the workplace</li> <li>P280.B -Wear protective gloves and eye, face protection.</li> <li>P302+P3529, -IF ON SKIN. Wash with plenty of water.</li> </ul> |
| Precautionary Statement | <ul> <li>s: P201 -Obtain special instructions before use.</li> <li>P202 -Do not handle until all safety precautions have been read and understood.</li> <li>P260.B -Do not breathe dust.</li> <li>P264.3 -Wash skin thoroughly after handling.</li> <li>P270 -Do not eat, drink or smoke when using this product.</li> </ul>   |

P271 -Use only outdoors or in a well-ventilated area.

P272 -Contaminated work clothing should not be allowed out of the workplace

P280.B -Wear protective gloves and eye, face protection.

P302+P3529, -IF ON SKIN. Wash with plenty of water

P304+P340 -IF INHALED: Remove person to fresh air and keep comfortable for breathing.

P305+P351+P338 -IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P308+P313 -IF exposed or concerned: Gel medical advice / attention.

P310.A -Immediately call a POISON CENTER.

P314 -Get medical advice/attention if you feel unwell.

P321 .A -Specific treatment (see supplementary instructions on this label)

P333+P313 -If skin irritation or rash occurs: Get medical advice/attention.

P362+P364 -Take &contaminated clothing and wash it before reuse.

P403+P233 -Store in a well-ventilated place. Keep container lightly dosed.

P405 -Store locked up.

P501A -Dispose of contents/container in accordance with Local, State, Federal and Provincial regulations.

Ingredients(s) with unknown acute toxicity: None

Hazards not otherwise classified identified during the classification process: None

### Section 3 Composition Information and Ingredients

Mixture:

| Component Name  | CAS #      | <u>WT %</u> | <u>Classification</u>  |
|-----------------|------------|-------------|--|
| Silica Sand     | 14808-60-7 | 40-80%,     | Carc. 1A, H350A, STOT RE 1, H372A  |
| Portland Cement | 65997-15-1 | 20-45%      | STOT SE 3, H335: Eye Dam 1,H318 Skin Sens. 1,<br>H317: Skin Irrit. 2, H315 |

# Section 4 First-Aid Measures

### **Emergency and First Aid Procedures**

| Inhalation:   | Remove casualty to fresh air and keep at rest. If breathing is irregular or stopped, administer artificial respiration. In case of inhalation, consult a doctor immediately and show him packing or label.   |
|---------------|--|
| Eyes:         | IF IN EYES: Rinse cautiously with water with the eyelids open for a sufficient length of time.<br>Remove contact lenses, if present and easy to do. Continue rinsing. If irritation continues, then get<br>medical advice/attention immediately. Protect uninjured eye.                      |
| Skin Contact: | IF ON SKIN: Wash with plenty of soap and water. If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash before reuse.   |
| Ingestion:    | If swallowed, do not induce vomiting: seek medical advice immediately and show this container or label.  |
|               | ns/effects, acute and delayed:<br>Eye Irritation<br>Eye damages<br>Skin Irritation<br>Erythema<br>liate medical attention and special treatment needed:<br>In case of accident or unwellness, seek medical advice immediately (show directions for use or<br>safety data sheet if possible). |
| Section 5     | Fire Fighting Measures   |

Extinguishing Media:

Use carbon dioxide, or water spray when fighting fires involving this material.

| Fire Fighting Methods and Protection:  | Firefighters should wear full protective equipment and NIOSH approved self-<br>contained breathing apparatus. |
|--|---|
| Fire and/or Explosion Hazards:         | Do not inhale explosion and combustion gases. Burning produces heavy smoke.                                   |
| Hazardous Combustion Products:         | N.A.  |
| Explosive properties:                  | N.A.  |
| Oxidizing properties:                  | N.A.  |
| Special protective equipment and preca | utions for fire-fighters:   |
|  | Use suitable breathing apparatus.   |
|  | Collected contaminated fire extinguishing water separately. This must not be discharged into drains.          |

Move undamaged containers from immediate hazard area if it can be done safely.

| Section 6                | Accidental Release Measures  |
|--------------------------|--|
| Steps to Take in Case Ma | vapors/dusts/aerosols. Provide adequate ventilation. Use appropriate respiratory protection. See protective measures under section 7 and 8. Ventilate  |
| Released or Spilled:     | the contaminated area.<br>Suitable material for taking up: absorbing material, organic, sand. Wash with plenty of water.   |
| Section 7                | Handling and Storage   |
| Handling:                | Avoid contact with skin and eyes, Inhalation of vapors and mists.<br>Exercise the greatest care when handling or opening the container. Use  |
| Storage:                 | localized ventilation system. Don't use empty container before they have been<br>cleaned. Before making transfer operations, assure that there aren't any<br>incompatible material residuals in the containers. Contaminated clothing should<br>be changed before entering eating areas. Do not eat or drink while working. See<br>also section 8 for recommended protective equipment. Wash thoroughly after<br>handling. Wear protective gloves/protective clothing/eye protection/face<br>protection.<br>Keep dry. Keep container tightly closed & upright when not in use to |

### Skin Protection:

Gloves:

Avoid skin contact by wearing clothing that provides comprehensive protection. Wash hands and other exposed areas with mild soap and water before eating, drinking, and when leaving work. PVC, neoprene, rubber, ntrile

# Section 11 Toxicological Information Toxicological Information of the mixture: There is no toxicological data available on the mixture. Consider the individual concentrations of each component to assess toxicological effects resulting from

concentrations of each component to assess toxicological effects resulting from exposure to the mixture.

 Toxicological Information on the main components of the mixture:

 Silica Sand
 a) acute toxicity
 LD50 (Oral): =500 mg/kg (Rat)

 Calcium sulfate
 a) acute toxicity
 LD50 (Oral): >3000 mg/kg (Rat)

If not differently specified, the information required in the regulation and listed below must be considered NA. a) acute toxicity

b) skin corrosion/irritation

### **USA - state specific regulations**

California Proposition 65 Substance(s) listed under California Proposition 65 Silica Sand listed as carcinogen

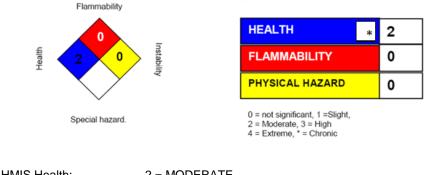

Massachusetts right to know Substance(s) listed under Massachusetts Right to Know; Silica Sand Portland cement

Pennsylvania Right to know Substance(s) listed under Pennsylvania Right to Know; Silica Sand Portland cement

New Jersey Right to know Substance(s) listed under New Jersey Right to Know; Silica Sand Portland cement

## Section 16 Other Information

This information is intended solely for the use of individuals trained in the NFPA & HMIS hazard rating systems. NFPA: HMIS III:

| HIVIIS Health:     | Z = MODERATE                                       |
|--------------------|--|
| HMIS Health        | <ul> <li>Is health hazard chronic?: Yes</li> </ul> |
| HMIS Flammability: | 0 = Not Combustible                                |
| HMIS Reactivity:   | 0 = MINMAL   |
| HMIS P.P.E.:       | Safety glasses, gloves, dust respirators           |
|                    |  |

| NFPA Health:       | 2 = MODERATE        |
|--------------------|---------------------|
| NFPA Flammability: | 0 = Not Combustible |
| NFPA Reactivity:   | 0 = MINIMAL         |
| NFPA Special Risk: | NONE                |

| Code  | Description   |
|-------|---|
| H315  | Causes skin irritation.   |
| H317  | May cause an allergic skin reaction.                                      |
| H318  | Cause serious eye damage.   |
| H335  | May cause respiratory irritation.   |
| H350A | May cause cancer if inhaled   |
| H372A | Causes damage to organs through prolonged or repeated exposure if inhaled |

The information provided in this (Material) Safety Data Sheet represents a compilation of data drawn directly from various sources available to us. Texrite makes no representation or guarantee as to the suitability of this information to a particular application of the substance covered in the (Material) Safety Data Sheet.

## Glossary

- ACGIH -American Conference of Governmental Industrial Hygienists
- CAS -Chemical Abstract Service Number
- CERCLA -Comprehensive Environmental Response, Compensation, and Liability Act
- DOT -U.S. Department of Transportation
- IARC -International Agency for Research on Cancer
- N/A -Not Available
- NTP -National Toxicology Program

- OSHA -Occupational Safety and Health Administration
- PEL -Permissible Exposure Limit
- ppm -Parts per million
- RCRA -Resource Conservation and Recovery Act
- SARA -Superfund Amendments and Reauthorization
- TLV -Threshold Limit Value
- TSCA -Toxic Substances Control Act
- IDLH -Immediately dangerous to life and health
